

# Legal Research

## A Steelcase Seminar

Designers  
Course Number: 40015  
Units: 0.1

Architects  
Course Number: SC 0715  
Units: 1

The course is a hands-on session that dives deep into the current trends in the legal sector – from private office and case rooms to client facing spaces. Topics include trends in the legal industry, workflow, technology and collaboration. The session also discusses design principles and offers several thought starters designed to stimulate brainstorming on how to rethink conventional applications.

Participants should leave with a better understanding of the rapid cultural and spatial changes happening in legal firms. By understanding current workplace trends, both within and beyond the private office, the space can be better utilized for the end user.
