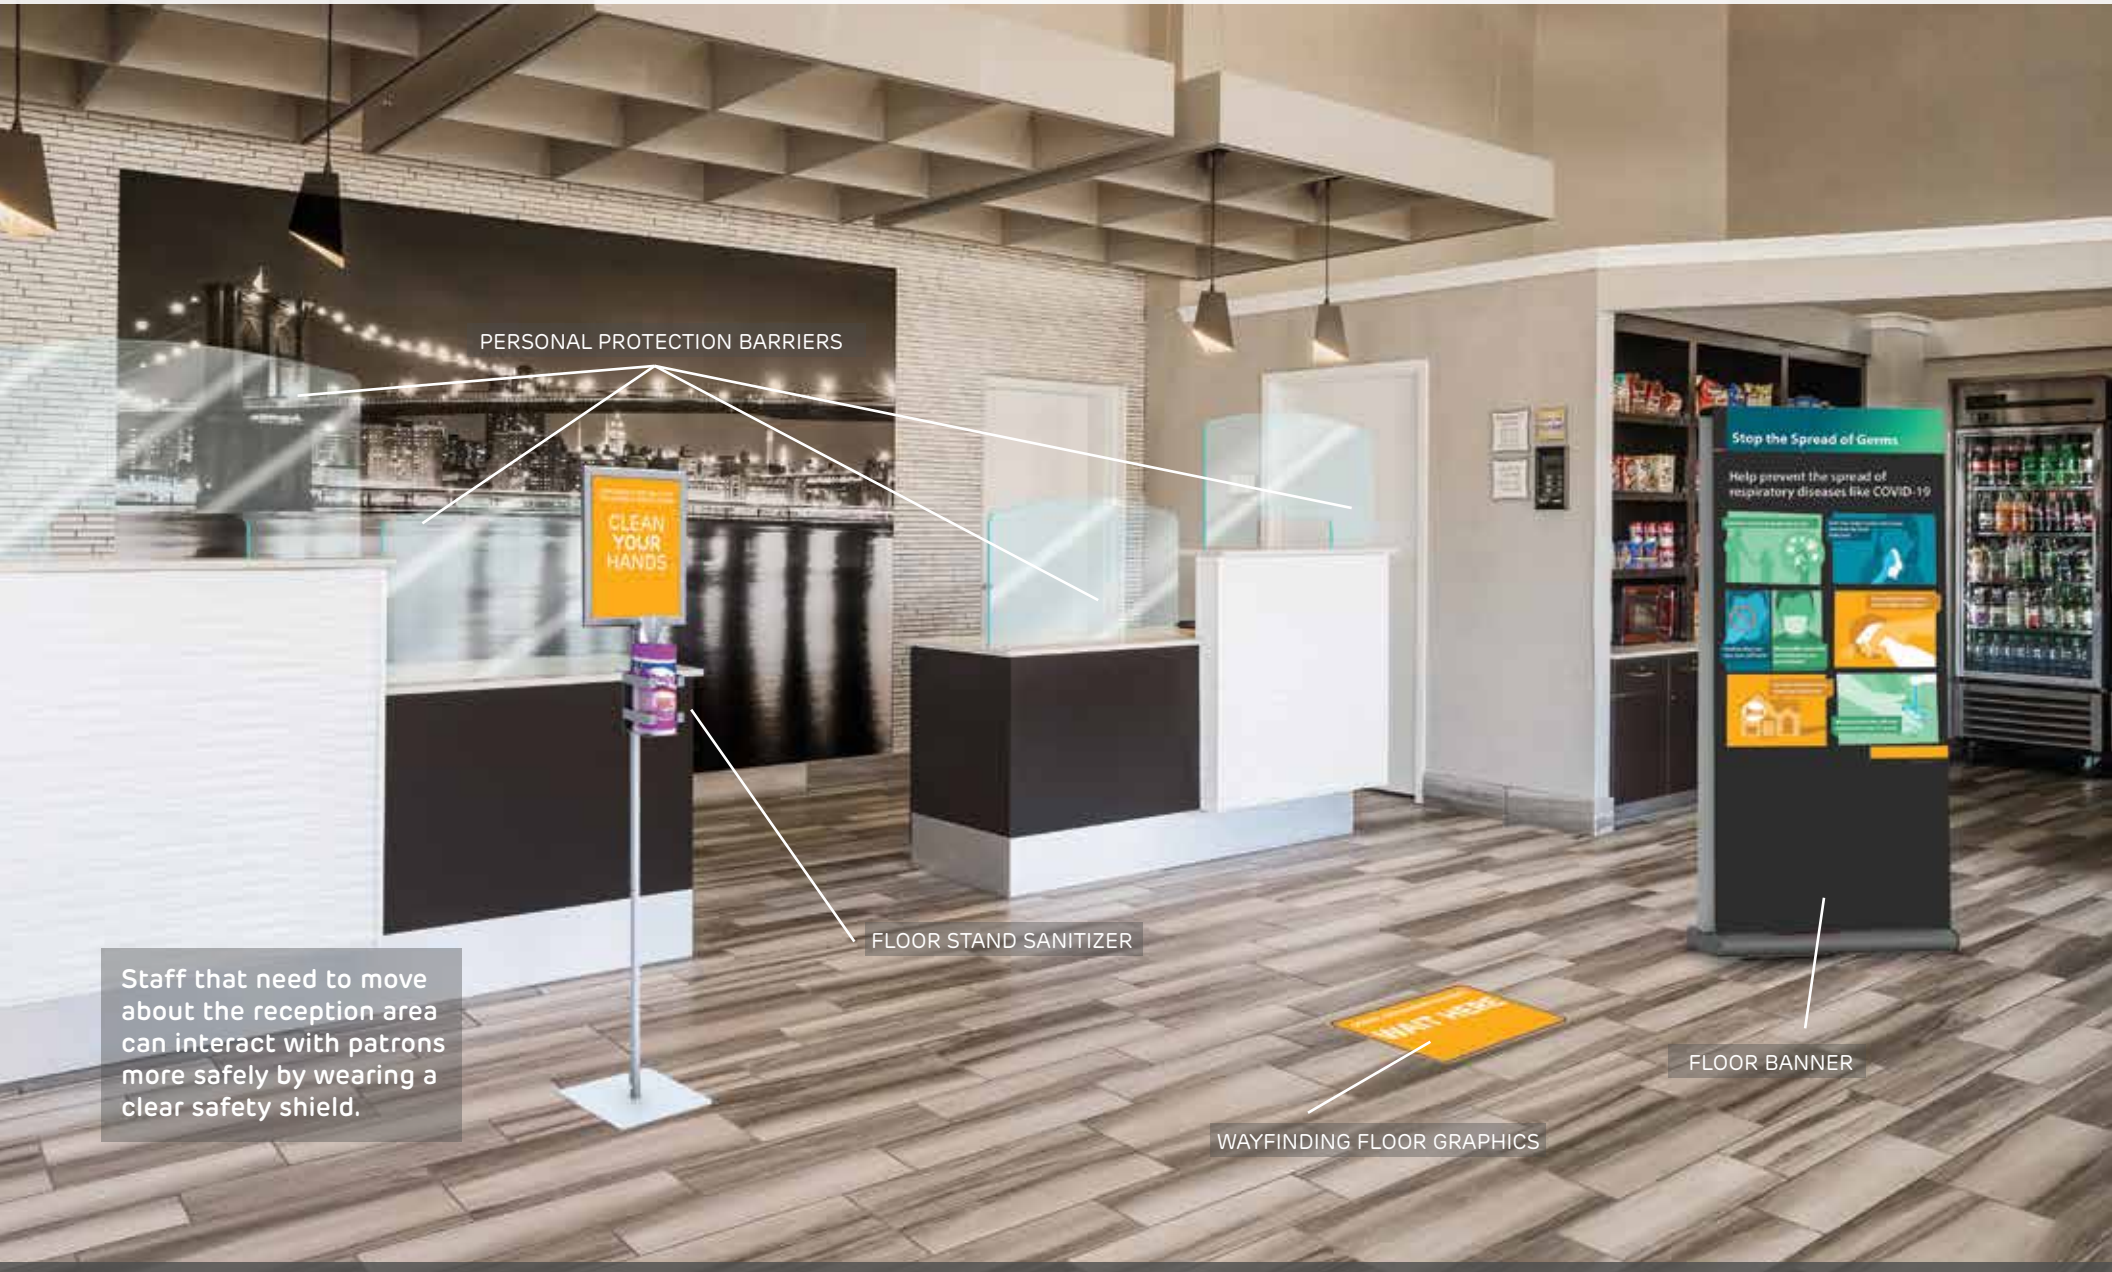
AFTER

RECEPTION AREAS

Staff now check-in and serve patrons in a safe and healthy manner with the addition of aesthetically pleasing and protective barriers, signage to direct their movement and help maintain a 6-foot distance, and sanitization stations to promote frequent hand cleansing.



Staff that need to move about the reception area can interact with patrons more safely by wearing a clear safety shield.

AFTER

PRODUCTION AREAS

Line workers now produce products in a safe and healthy manner with the addition of clear face masks, aesthetically pleasing and protective barriers, signage to direct their movement and help maintain a 6-foot distance, and sanitization stations to promote frequent hand cleansing.

Production workers can wear clear safety shields to increase safety with co-workers.
